FOR IMMEDIATE RELEASE

Network 18 (CNBC-TV18) picks up stake in Ensemble Infrastructure India Ltd.

Network 18 India Ltd., (CNBC-TV 18) has acquired a stake in Ensemble Infrastructure India Ltd. (EIL), the fastest growing interior infrastructure company in India.

Ensemble Infrastructure India Ltd., is India's leading interior infrastructure company with significant presence in all the four metros besides Pune.. With core in Interior Fit-out Contracting, Furniture Manufacturing & Manufacturing Retail Shop Fittings, the company today employs over 100 people across India.

Set up in 2003 by two young Entrepreneurs, Nilesh & Vikas Rathod, Ensemble has an impressive client list like Reliance, Unilever, IBM, Citibank, Future Group, Tata Group, Bharti to name a few. Besides the company has executed well over 150 projects all across the country.

Commenting on the deal with CNBC Mr Vikas Rathod, Director said, "We have come a long way from doing their 1st studio cum office in Mumbai to now seeing them investing in our company. It only goes to talk about the faith they reposed in our company and more importantly the industry by none other than a world leading and most recognized business channel. I am very positive and equally emotional".

About Ensemble Infrastructure India Ltd:

Ensemble Infrastructure has a large manufacturing set-up in Mumbai spanning 25,000 sft.

The company offers Design & Build services in the interior space for its customers and are mainly involved in office & retail fit-outs, the company through its wholly-owned subsidiary Ensemble Furniture Solutions Pvt Ltd., manufactures Office Furniture & Retail Shop fittings.

The company has robust plans for the future with a blue print drawn for Green Contracting, which will enable Ensemble a leadership position..
