

## 20 Most Promising Interior Design Service Providers – 2018

Indian interior designing has evidently prevailed since the times of royal rule via obvious manifestations in the detailing of magnificent monuments and historical structures. Nevertheless, the industry today has woken-up reaching its zenith, giving life to empty spaces, revamping patterns, hues and structures across all forums, be it corporate platforms, retail & commercial arenas, homes or health spaces. Standing in all her glory on the pedestal of becoming the world's third largest construction market by 2030, India's interior designing renaissance has resulted from cross-cultural and global influences, making it one of the most sort-after industries for a career as well as by laymen.

However, with ever growing population trends and squeezed spaces, the demands for more structured and compact builds are up-scaling necessities for hiring professional help, needless to mention the tapering prices within the construction market. Thus, professional interior designers and architects enhance the best utilization of space, with amazing designs, encapsulating fully furnished spaces within cost-effective barricades. The rise in these trends reflects a broader span in

market growth indicating a whopping 60 percent augmentation YOY. This does not deem all, as professionals aim at embracing international customs with meeting environmental, social and ethical balance, the interior designing industry is thriving on a ubiquitous spree, widening its prospects and engaging a larger audience by the day.

## Ensemble Infrastructure India: Workplace, Commercial & Retail Fit Out In Line with Your Vision

Vikas Rathod & Nilesh Rathod,  
Co-Founders & Managing Directors

Commercial fit out solutions need a blend of functional and aesthetic design elements, weaved with distinctive customized traces to serve unique requirements. These can only be delivered by a service provider who expertly aligns with the client's vision, ethos, and mission. Ensemble is a PAN India leader in workplace, commercial, and retail fit outs, and in a span of 17 years, they've completed over 1000 projects. Adopting a solutions-design-and-implementation partner approach, Ensemble combines design and delivery expertise to execute high-value fit outs.

Ensemble has been awarded many prestigious projects, including 840,000 sq.ft. for Zydus Cadila (Ahmedabad), Agile Workplaces for TCS (PAN India), 37,500 sq.ft. for Google (Hyderabad), 650,000 sq.ft. for Believer's Church Hospital (Kerala), 200,000 sq.ft. for UST Global (Trivandrum), 350,000 sq.ft. for Godrej Properties (Delhi NCR), 100,000 sq.ft. for IBM (Kolkata), 15,000 sq.ft. corporate office for Kirloskar Oil Engines (Pune), 100,000 sq.ft. global technology center for Hindustan Unilever (Mumbai), four towers in Adani Shantigram (Ahmedabad), 81,000 sq.ft. for Ikon Super Speciality Hospital (Nagpur), along with retail fit outs for Samsung, Apple, Reliance, Givenchy, Hamley's, Pepe Jeans, Vodafone Idea, Kenneth Cole, Reliance Digital, William Penn, Godfrey Phillips, 2-Degrees and many others.

Co-founded and led by Nilesh Rathod (qualified as India's youngest CFA) and Vikas Rathod (a maverick business strategist), Ensemble has an advisory board of celebrated industry leaders like David Lawther (ex CEO, ISG plc), Maya S Sinha (PPP Consultant and ex IRS Officer), Shishir Dalal (CA and ex-Partner-PwC), and Prashant Desai (CA, Businessman, and ex Future Group). A debt-free company,

Ensemble's robust working capital management ensures no financing costs, allowing it to consistently offer high quality service delivery at competitive pricing to its clients.

### In the ever-evolving world of business, workplaces and commercial spaces need to constantly evolve

Ensemble is also one of the largest players in luxury and high street retail formats for design engineering, production, and installation of retail store fit out worldwide. It runs a 125,000 square feet state-of-the-art bespoke furniture and fixture manufacturing unit in Mumbai. Nilesh recalls when Ensemble was mandated to deliver ten stores each month for Reliance Digital, "We modularized the complete format to manufacture and deliver the fixtures in knockdown condition to over 300 locations PAN India".

### Ensemble means Executing Excellence!

Nilesh feels, "In the ever-evolving world of business, workplaces and commercial spaces need to constantly evolve. Ideas, solutions, products, techniques, and execution need to merge seamlessly to provide the best-in-class environments that showcase style and elegance, and nurture productivity, comfort, and engagement".

Vikas says, "Ensemble strives for an earnest approach to understand and deliver on client needs, and beyond; advises on the best solutions, achieves cost competency, employs the most advanced manufacturing technology, and takes a firm approach towards timely completion of quality projects. We keep investing resources towards setting-up infrastructure, technology, training, and adopting best practices to deliver customized solutions, even as we offer great flexibility to mould with ever-changing customer expectations".

Ensemble is in a constant endeavor to continuously add surpassing value to clients through a solutions-design-and-implementation partner approach, achieved through a best-in-class talent pool, advanced technology, and an unwavering relationship of trust and responsibility.
